

BODEGAS Y VIÑEDOS

HUARPE

WINERY SELECTION

Sourced from Huarpe's high altitude vineyards in Mendoza, this Cabernet Malbec blend made only in exceptional years and in limited quantities.

The Winery Selection is a blend, usually 80% of Malbec and 20% of Cabernet Sauvignon from the best vineyards at the Huarpe estate. Jose Toso thinks that blending the two grapes together most accurately expresses the terroir of their little piece of Mendoza. This wine is aged in new French oak for 14 months.
